

TRAINING COURSE INFORMATION

As course prices vary according to the nature/duration of the training, as well as the number of trainees attending the course, it is not feasible to list prices on the website. A detailed quotation will, however, gladly be provided on request.

Depending on the nature of the training, all courses have a minimum and a maximum number of learners who are permitted to attend the course. Where the client has sufficient trainees to fill the minimum required for the course, a flat daily rate will be charged for the training, and the training will be conducted at that client's premises/operation. Should a client have less than the minimum number of trainees, then an individual rate (per trainee) will apply, and the client may be required to transport the trainees to another venue in the area.

All prices quoted are **exclusive** of VAT, and **include** the cost of travelling, if conducted within the borders KwaZulu-Natal. Where courses are conducted outside the Province, a charge of R3.00/km will be added to the course fees.

Course certificates will be issued to all successful candidates; however it should be noted that these will only be issued once payment is received **in full** for the training.
